Online access to QuickSpecs

1. Accessing QuickSpecs via the HPE Marketing Document Library

QuickSpecs online can be accessed via the HPE Marketing Document Library. Visit the QuickSpecs site at www.hpe.com/info/qs. Here you find links to the HPE Marketing Library, further guidance and latest updates.

The screenshot shows a webpage titled "QuickSpecs access through HP Marketing Document Library". The page is divided into several sections:

- HP Marketing Document Library**: A header section.
- QuickSpecs Online**: A section describing the online resource, including a search instruction: "Search for QuickSpecs online by selecting the region of interest. For archived or document library searches, select the appropriate tab." Below this are three search buttons: "Search active QuickSpecs", "Search all QuickSpecs", and "Search entire document library".
- QuickSpecs Off-line**: A section describing off-line access via the HP Product Bulletin application or cloud synchronization.
- QuickSpecs Support**: A sidebar section with links for "FAQs", "Training resources", and "Contact the helpdesk".
- QuickSpecs News**: A section with a "Stay connected" button and a link to "Unsubscribe here".
- Price Information**: A section with a link for "HP iQuote (Requires login access)".
- Product Imagery**: A section with a link for "Product Photos".

2. Searching for QuickSpecs

For searching documents on the HPE Marketing Document Library, as a first step, click on *Search Active QuickSpecs*.

This is a duplicate of the screenshot above, showing the same webpage layout and content.

3. “Show snippets” feature

When running a full text search, you will be able to select the button *Show snippets*.

This will help you to find the most relevant information.

The screenshot displays the HP QuickSpecs search interface. On the left, there is a search bar containing the text 'dl380 Gen9' and a blue 'Go' button. Below the search bar, there is a checkbox for 'Search only in title' and a section titled 'Refine your search'. Under 'Refine your search', there are three expandable categories: 'Categories' (with a minus sign icon), 'Status' (with a plus sign icon), and 'Audience' (with a plus sign icon). The 'Categories' section is expanded, showing sub-categories: 'Desktops & Workstations (1)', 'Enterprise Software (5)', 'Options and Accessories (35)', 'Servers (2)', and 'Storage (1)'. On the right side of the interface, there is a header indicating '45 documents' and a checked checkbox for 'Show snippets'. Below this, there is a table of search results. The table has a 'Title' column and a 'Default Action' column. The first result is 'HP DL380z Generation9 (Gen9) Virtual Workstation (4/3/2015; 827 kB)' with a 'View Pdf' action. The second result is 'HP OneView (4/3/2015; 687 kB)' with a 'View Pdf' action. The third result is 'HP Solutions for SAP HANA Tailored Data Center Integration (TDI) (4/3/2015; ...enterprise, business intelligence, and database applications. HP ProLian...'. The fourth result is 'HP StoreEasy 1000 Storage (4/3/2015; 1,196 kB)' with a 'View Pdf' action.
